# WELCOME

On behalf of the people and Government of the United States Virgin Islands, I welcome you to our islands and our home. We take great pride in the history, culture and beauty that surround us in paradise, and we enjoy sharing it with others. It has been my pleasure to talk with many travelers and listen to their experiences and stories about their fantastic visits territorywide.

There are so many wonderful opportunities for sightseeing, relaxing, shopping and enjoying oneself in our beautiful tropical islands. I enjoy hearing about a family's adventures kayaking together around one of our bays, a couple watching a sunset together on the beach or a group of friends shopping in town or touring one of our historic monuments. I know the magic of these islands, and it gives me great pleasure when others discover it.

We are happy to be the chosen destination of so many travelers, whether Caribbean or from other locations near and far worldwide. As a Territory of the United States, we are uniquely able to offer all the exotic flavors of the Caribbean with the assuring familiarity of the United States. In the USVI, U.S. Citizens don't even need to bring a passport. Only a smile is required. I hope I have the chance to welcome you to our islands and that your experience here will bring you back again and again.

Cordially,

John P. de Jongh, Jr.

Governor

## PERFECT LOCATION

Just south of the Tropic of Cancer lie St. Thomas, St. John and St. Croix. With the Atlantic Ocean to the north and the Caribbean Sea to the south, the U.S. Virgin Islands enjoys beautiful weather year-round. Trade winds from Portugal keep the average temperature range between 77° in the winter and 82° in the middle of summer, which makes almost any day a perfect day for a swim at the beach.

## RICH HISTORY

Over the years, tribes, explorers, pirates, kings and queens have all sought the natural splendor of the U.S. Virgin Islands. From the time Christopher Columbus arrived, seven different nations have governed our land, leaving their influence in customs, architecture, art, music and cuisine. On March 31, 1917, the islands officially became a part of the United States. The result is a people with a tapestry of backgrounds. The one thing you'll find they all have in common is a love for the place they call home and an eagerness to share it with everyone else.

## NATURAL WONDERS

The United States Virgin Islands is a world leader in developing tourism that protects the natural beauty of the environment while allowing visitors to enjoy all its pristine wonder. Whether hiking on St. John's 11,500-plus acres of protected natural park, kayaking through St. Thomas' Marine Sanctuary and Mangrove Lagoon or traveling by horseback over St. Croix's rolling green hills, the islands offer plenty of ways the environmentally conscious traveler can interact with the tropical environment while preserving it.

## UNDER THE SEA

Just below the surface of one exotic world lies another. The beautiful waters that surround the USVI provide excellent dives for both beginner and experienced divers. Fill your logbook with wall, wreck and reef dives done by boat or from the shore. Swim shoulder to shoulder with the turtles, rays, eels and sea horses. And do it all with the added safety of being in U.S. waters, under the strict control of the U.S. Coast Guard.

## SPOTS BY THE SEA

When you're surrounded by exotic views, it's hard to keep your eye on the ball. The USVI, however, attracts golfers of every level who want to test their skills on the islands' four coastal courses. On St. Thomas, Mahogany Run's golf course has been called "the 18 most challenging holes in the Caribbean." On St. Croix, The Buccaneer, Carambola and The Reef offer golfers three great courses with rolling fairways, natural water hazards and tropical foliage. In the USVI, you can enjoy the sands on the beach and enjoy avoiding them on the course.

## THE ACTIVE TOURIST

With beautiful weather, warm waters and sunny skies, the USVI is perfect for any outdoor sport. In addition to golf and tennis, visitors can participate in everything from mountain biking to beach volleyball. Popular water sports include fishing, sailing and windsurfing. Even the most energetic visitors will have a hard time doing it all. In fact, the only limit to the activities in the USVI is your own endurance.

## TREASURE HUNTING

In the 1500s, pirates might have looked for hidden bounty around the U.S. Virgin Islands. Today, however, treasure hunters will have more luck in the islands' many shopping centers. Because it's a duty-free destination, bargain seekers come for the great deals. Gems, watches, cameras, crystal, china, fabrics, liquor and other items can all be found at up to 40% off mainland prices. These prices have earned the USVI the reputation as "The Shopping Mecca of the Caribbean."

## ISLAND FLAVORS

Over the years, the spices and textures of the East Indies, Africa and Europe have blended to create the distinct flavors of the United States Virgin Islands. From conch patés to wahoo to the sour sop ice cream, the food here is as unique as the islands themselves. It's just one more way you can explore the islands on your vacation.

## ISLAND ROMANCE

A stroll along a white sand beach is always better when shared with someone you love. Whether you're planning your wedding, honeymoon or a romantic getaway, the U.S. Virgin Islands offers a far-off setting where you can get closer together. Whether you want to walk down the aisle in one of our historic churches or simply sit together under the blanket of a Caribbean sunset, you can find the perfect setting for your next love story.

# CARNIVAL CELEBRATIONS

Music is the pulse of our islands. The sounds of calypso, reggae and quelbé music float through the air. This is especially true during our festivals. The Crucian Christmas Festival, St. John's Celebration and, of course, the Virgin Islands Carnival bring new and exciting food, performances, parades and colorful costumes. These local island events are also your chance to spot a colorful Mocko Jumbie, or "elevated spirit," a traditional stilt-walker dressed in colorful silks and rumored to bring good luck.

# Five Days Away

Each island has its own personality and activities that you can enjoy. Don't miss sampling all kinds of delicious local delicacies like seafood kallaloo, passion fruit or tamarind drinks and refreshing sour sop ice cream. Here are some suggestions for your visit.

## St. Croix

**DAY 1: The Island Culture** – Experience the influence and history of seven different colonial powers in both the towns of Christiansted and Frederiksted. Stroll the quaint shopping districts along the water's edge. Take a tour of the world-famous Cruzan Rum Distillery and try some of the island's exceptionally smooth rum!

**DAY 2: Explore the Deep** – St. Croix offers some of the best scuba sites in the Caribbean. Experience the numerous wrecks, reefs and wall dives this island has to offer. Get a recommendation for your level of expertise from a local dive shop.

**DAY 3: Serene Swim** – Catch a sailboat out to Buck Island Reef National Monument. This 176-acre island is the perfect sanctuary for a snorkel or picnic. Or you can take a calm kayaking tour of the Salt River Bay National Park & Ecological Preserve.

**DAY 4: Take Notes on Nature** – Try biking or horseback riding. Explore the St. George Botanical Garden. You can also do some jeep off-roading in the lush tropical forest located in Frederiksted.

**DAY 5: Walk Through History** – Visit the forts in town or learn of the sugar cane days at the Estate Whim Plantation Museum. Don't forget to check out Point Udall, the easternmost point of the United States. It has a breathtaking view.

# St. John

**DAY 1: Nature Encounter** – With two-thirds of the entire island preserved as National Park, this is where you can connect with nature. Stay at one of the island's eco-friendly accommodations and begin your exploration of the National Park.

**DAY 2: Surround Yourself In Blue** – Take a day sail to surrounding islands or go windsurfing. Visit Trunk Bay and snorkel its famous underwater trail or just enjoy the sun, sand and sea at Cinnamon Bay.

**DAY 3: Let the History Move You** – The Annaberg Sugar Mill Ruins are the most intact ruins of a sugar plantation in the Caribbean. Save time to also visit the Catherineberg Plantation ruins.

**DAY 4: Shop/Stroll** – St. John has plenty of opportunities for shopping. Stroll through the quaint and colorful shops of Mongoose Junction and Wharveside Village in Cruz Bay.

**DAY 5: Take a Hike** – With 22 trails to choose from, this is a hiker's paradise! Start with the Reef Bay Trail where you can find ancient petroglyphs or petrified cave drawings.

# St. Thomas

**DAY 1: Beach It** – Spend the day at the famed Magens Bay, which is consistently named one of the world's most beautiful beaches. Sip on a Bushwacker and watch the sunset at Paradise Point before heading out for a night on the town.

**DAY 2: Set Sail** – Try your sea legs on a charter 65-foot schooner or 50-foot ketch and let the wind carry you off to sea. There's nothing like a sunset on the water.

**DAY 3: Move Inland** – Charlotte Amalie is a historic town full of sights and sounds. Take a walking tour past Emancipation Garden to Fort Christian and then take a taxi up to Mountain Top and see the island from its highest point.

**DAY 4: Shop 'Til You Drop** – As one of the biggest shopping destinations in the Caribbean, you can partake of some duty-free fun at one of the island's many shopping complexes. Head downtown to historic Main Street where you can purchase everything from local art to jewelry.

**DAY 5: Explore the Depths** – Visit Atlantis Submarine and take in the wonderful water views. Spend a few hours at Coral World sea trekking, petting sharks or swimming with the sea lions. The snorkeling at the adjacent Coki Beach is fantastic!
